Joan Cabarrus is a pet sculptor, an artist-author, founder of the JFCRN Limited Company, creator of the Doggo Bake Animal Sculptures product line, a registered nurse, and The Singing Sculptor on YouTube. She has authored several animal-related sculpting book tutorials and hosted and produced The Doggo Bake Show, available on YouTube. As a professional artist, Joan's mission is to cultivate creativity, resourcefulness, courage, and compassion for dogs, cats, and other animals through sculpting and art that is accessible to everyone. Her happiness as a creator lies in the practicality of applying critical thinking, problem-solving, and resourcefulness to produce innovative, enjoyable art. She believes that thinking courageously and practically as an artist helps us strengthen skills that also apply to bigger tasks in our daily lives.
