Marie Ross, originally from Montreal, has been immersed in the world of art since her early years. From winning district art contests in her hometown, to pursuing art classes in high school, and integrating her creativity into her work as a hairdresser in her 20s, Marie's artistic talent has always been a central part of her life and has been a lifelong passion. With a diverse background that includes a college degree in business administration and experience as a sales consultant in cosmetology, Marie brings a unique multifaceted perspective to her art. In her 30s, she pursued further education, earning a master's degree in science of leadership and change (MSLC) from St. Edwards University in Austin. It was not until becoming a mother in her 40s that Marie reconnected with her inner artist and made the decision to fully invest herself in painting. Drawing inspiration from her faith, Marie's work aims to spread positivity and light in her community. In her free time, she volunteers and cherishes moments spent with her loved ones. Marie Ross Art LLC is on a mission to brighten and to bring joy into people's homes with paintings that inspire the uplifting messages of the Good News.
