I am a contemporary artist with a Master's degree from the Saint-Petersburg Stieglitz State Academy of Art and Design in St. Petersburg, Russia.

With years of experience as a costume and fashion designer in film and fashion, I have collaborated with talented creators from around the globe and designed for major brands.

Now, I express myself through fine art, aiming to lift and reveal the beauty of the world while exploring its depths. Through my work, I aspire to foster a dialogue that resonates with the human experience, encouraging connection and reflection.

Rooted in analytical art, my creations explore shapes, colors, and the interplay of forms to convey messages of love, peace, and acceptance, while delving into psychological and existential questions. I believe everything is interconnected.
